

AMERICA'S WARRIOR PARTNERSHIP

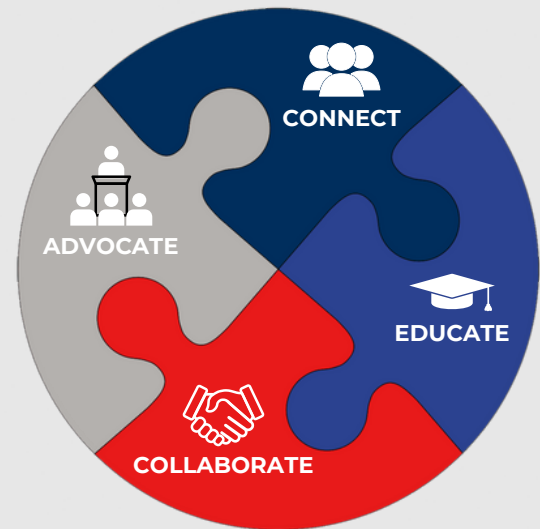

America's Warrior Partnership builds veteran-friendly communities, engaging veterans from all walks of life, both to offer support and opportunities to give back. We help to create communities where great Americans choose to live and contribute.

From city to city and town to town across America, there is no one organization in place to serve the warriors who served us so bravely and so well. Each city, county and state is different; some are equipped to handle the return of hundreds and thousands of post-service warriors, but most are not. In most places, scattered services are provided by disconnected agencies, staffed by a handful of dedicated, but overworked civilians.

America's Warrior Partnership is a force multiplier for warrior community integration. America's Warrior Partnership fills the gaps that exist between warrior service organizations. America's Warrior Partnership helps nonprofits connect with more warriors who need help. America's Warrior Partnership brings new resources to communities, and we make it easier for men and women who served our nation to lead the lives they deserve.

We deploy specialists to attack inefficiency and to solve problems. We amplify the work of nonprofits and government agencies so that more warriors get the help they need.

PARTNERING WITH COMMUNITIES TO PREVENT VETERAN SUICIDE

A Solution-Based Organization

Community Integration—

Warrior Community Integration is an all-out intervention. The program is a force-multiplier to fill the gaps that exist between organizations and to link nonprofits with more warriors who need help.

Advocacy—

America's Warrior Partnership is a national advocate for warriors and those who serve them.

WarriorServe®—

An independent software system custom-designed to make helping warriors more efficient, easy, and impactful

Community Integration Symposium—

Veteran serving professionals come together from across the nation to share best practices, find creative solutions, and form new collaborative partnerships to better serve the veterans in their communities.
